Parts Manual for Models C346C and 346D Engine Brakes

The Model 346D Jake Brake® compression engine retarder replaces the former Models C346, C346A, C346B and C346C. Service parts for Model C346C engine brakes are included in this manual; service parts for Models C346, C346A and C346B are listed in parts manual, P/N 17068.

The Model 346D is designed and approved for use on Caterpillar 3406B series engines and is the current production model Jake Brake® for this application, including the 1991 model year engine. The S/N prefixes for the 1991 model year engines are: Mechanical Control - 3ZJ; PEEC Control - 2EK.

Information contained in this manual was current at the time of printing and is subject to change without notice or liability.

Refer to Jacobs Service Letters and instructional literature for specific application information.
